

CARFIL QUALITY
YOUR SUPPLIER FOR ALL LABORATORY NEEDS

Collars

Elizabethan, Cervical and Pillow

The collars are designed and manufactured to reduce or eliminate many of the factors which can compromise investigations.

In protecting sensitive equipment and reducing discomfort and stress levels for the animals, this comprehensive range helps to protect the integrity of a wide variety of procedures on all laboratory animal species. A large range of standard sizes are available. For other sizes or special needs, contact us. Custommade collars are available.

Features

ELIZABETHAN COLLARS

Prevent animals from self grooming and protect surgical or treatment sites.

Manufactured from a low density polyethylene and close with ample velcro fasteners, providing adjustable and secure fit for individual animals. Neck openings are bound with cotton jersey for comfort.

CERVICAL COLLARS

Offer an alternative to Elizabethan collars, allowing the animal unrestricted vision.

PILLOW COLLARS

Are designed for use in a wide range of applications.

- May be used in combination with an infusion jacket
- For protection of devices such as infusion pumps
- For protection in post surgical or treatment situations
- Made from durable, washable canvas and available with optional fasteners for jacket or harness attachment. The foam pillow insert is removable. Available in black or white in a range of sizes. Custom model are available.
