68U091 Spinal Adaptor for Rat & Mouse

This adaptor is ideal for spinal securing of various small animals. The base plate is 210mm (L) x 165mm (W) x 15mm (H) and can be attached to 68U000 series Stereotaxic Instruments. The two T-slots can be mounted and removed rapidly even without the use of wrenches. The adjustment of the vertical bars ranges 56mm; and the locking block can be easily adjusted in height through the connecting screw. This design adjust position in multiple directions, including Vertical/Lateral, Anterior/Posterior, and Ventral/Dorsal.

Stand delivery contains: Base plate, mounts (with 5 bars and clamps), spinal clamps (1 pair) rats vertebrate clamp (2 pairs).

Features

- Accurate and reliable localization.
- Wide range of components and accessories can be added.
- Simple, fast and effective clamping and locking.
- Compatible with small animal stereotaxic instruments.
