

Scavenger Unit met geïntegreerd weegmechanisme

Features

- Adjustable scavenging capacity
- To be used with the new Actisorb filters
- Takes the weight of the filter at the beginning and at the end when the scavenging motor is not running
- To prevent influencing the weighing of the filter, the weighing mechanism stops when the scavenging motor is active
- Visual and audible alarm when the filter reaches its maximum adsorption capacity = + 200 grams from before first use

Each Scavenging Unit is supplied with a box with 6 Actisorb filters.
