Catheters, CC Series

Features

Catheters with Pigtail connections

These 60cm silicone catheters are available in both pre-attached and attachable configurations. The Pre-attached Chronic-Cath features a female luer lock and injection cap that are attached during manufacture while, the Attachable Chronic-Cath includes a PigTail connector (female luer and injection cap attached to a 2,5cm Tygon extension) for insertion into the catheter for infusion.
