

CARFIL QUALITY
YOUR SUPPLIER FOR ALL LABORATORY NEEDS

68U015 Rat Adaptor (18° and 45° ear bars included)

This adaptor is similar to the mouse adaptor 68U030 and it can be fixed on the U-frame Stereotaxic Instruments. It is not necessary to add accessories to elevate the animals body once the head is firmly held which simplifies tedious operation while keeping the rat breathing well, incisor, nose clip and the ears bars can be adjusted up and down within 20mm range, which makes it easy to adjust the level of the rat brain.
